

## **Sample Script**

(5 pages at 18pt font with one inch margins is approximately 3 minutes)

### Scene 1: In the Classroom

(The teacher distributes the quiz results).

Teacher: Ok, that's all for today. Class dismissed. Audrey, Harvey, and Clarence please remain here for a while because we need to talk.

(The three students will come closer to the teacher)

Audrey: What is it ma'am?

Harvey: What are we going to talk about?

Ace: Is it about the quiz results ma'am?

Teacher: Exactly! I was so disappointed at the results of your quiz! What happened to all of you? Is it hard to understand?

Audrey: We're sorry ma'am. We just don't know what to answer.

Harvey: It's too hard to understand!

Teacher: Oh! I see. Proceed to your next subject and we'll talk about it later.

All: Yes ma'am, we're going. Thank you.

Scene 2: In the corridor

Ace: Hey Audrey, what is your score on our quiz?

Audrey: Well, sad to say I got three on our quiz.

Harvey: You're lucky enough! I only got two on our quiz! How about you Clarence?

Ace: One only. Oh forget about that quiz. I'm excited on what will happen later.

Harvey: Me too!

Audrey: Whatever!

Scene 3: In the Library

(The teacher enters the library not knowing that the three students are there reading.)

Teacher: Oh! There you are! Don't you know that what you are doing shows a relation in force and motion?

Harvey: Oh really? How do you say so?

Teacher: I'll explain it to you later. For now, stand up, get your bags and we will have a short tour here in the campus.

#### Scene 4: Roaming around the campus

Audrey: Is it important to study about force and motion?

Teacher: Oh, look! There's a ball. Would you mind to get it Clarence?

Ace: Oh! Sure ma'am! (Runs towards the ball to get it) Here it is ma'am.

Teacher: Now, Harvey can you roll it to the ground?

(The teacher gives the ball to Harvey)

Harvey: Yes ma'am!

Audrey: (While the ball is rolling) I'll get the ball! (Audrey returns)

Teacher: Ok, what have you observed as the ball rolls on the ground?

Ace: The ball keeps rolling on the ground.
