### **ABOUT GUILD HALL**

Guild Hall, one of the first multidisciplinary centers in the country to combine a museum, theater, and education space under one roof, was established in 1931 as a gathering place for community where an appreciation for the arts would serve to encourage greater civic participation. For nine decades, Guild Hall has embraced this open-minded vision and provided a welcoming environment for the public to engage with art exhibitions, performances, and educational offerings. Art and artists have long been the engine of Guild Hall's activities and the institution continues to find innovative ways to support creativity in everyone.
